Administrator response good as review continues

On March 2, the committee to investigate the administrative needs of the village of Antioch, was addressed by acting Chairman William Seemann.

Seemann was appointed prior to this meeting to select a group of citizens from the village to fill seven seats along with one other seat held by Trustee Edgar Simonson.

The committee of citizens is comprised of: Marilyn Shineflug, Terry Klaczak, Dee Gall, Tom Pocrnich, Fred Germain, Roland Schleusener and Edward H. Thamerus.

On March 12, the committee met in full session and elected Ed Thamerus chairman.

The goals for the committee were discussed and a procedure for the investigation was set up.

It was decided by the committee to have as many officials as possible from other villages appear in person to give the committee first-hand knowledge of the operations of their villages.

The committee will report on these ap-

pearances in subsequent articles.

At the end of this series, a questionnaire will be put into the paper for comments from village citizens. They will be able to drop these off or mail them to the village hall in care of the committee.

As chairman of this committee, Thamerus has found the cooperation of other village officials to be outstanding. They are willing to share the good and bad points of their type of government with Antioch.

The committee is learning much and they hope that they can pass on to the village residents some of the knowledge and insight of these officials so that they can be informed and more interested in the type of governments that surround Antioch.

The first meeting on the committee's schedule was on March 26, when the committee met with Robert Trigg, administrator of the Village of Gurnee, who was kind enough to accept an invitation to explain his duties as village administrator.

Jaycees plan Vegas night

The Antioch Jaycees and Vikings are busy collecting prizes for their sixth annual Las Vegas Night coming this May 2 at the Antioch Action Center.

Phil Schaub, chairman, said "We are grateful for all of the support local merchants are giving us. We hope to have even more prizes for the auction than we had last year. We feel certain that everyone who comes to Las Vegas Night will have a good, fun time."

There are two ways for you to win with a \$5 Las Vegas Night ticket. First prize is a trip for two to the real Las Vegas; second prize is a weekend for two in Wisconsin; third prize is six dinners for two in local restaurants.

If you do attend, you will also have the chance to win at other games. You will be given \$5,000 in play money which you can use to play games like blackjack, roulette, and craps.

At the end of the evening, the Jaycees and Vikings will auction off the prizes they have collected. You can bid with the funny money you have won at the games of chance.

Tickets are available from Antioch Jaycee and Viking Football members.

dedication to duty, faithful attendance, unquestionable cooperation, etc.

Support of these selected individuals and all other members of these service organizations will be appreciated.

There is no door charge and attendance will further indicate and assure these faithful individuals that they are appreciated, needed and respected for their services. Refreshments will be served.

Rotary donates Firefighters receive \$1,500

The Antioch Rotary Club presented a check for \$1,500 to the Antioch Firefighters Assn. This money was used to purchase a siren, emergency lights, radio and running boards for the fire investigation and inspection vehicle.

The Firefighters Assn., also purchased a Gas-Trac Vapor indicator to be used in in-

vestigations to detect flammable substances. Also, purchased were hard hats to be used by men when on an investigation or inspection. The Fire Prevention Bureau of the Antioch Fire Dept., as well as the Antioch Firefighters Assn., is grateful to the Antioch Rotary Club for their generous donation and for their deep involvement in the community.

Kakacek honored

Illini wrestler John Kakacek has been chosen the University of Illinois' recipient of the Big Ten Conference's Medal of Honor, the highest award possible for the league's student-athletes.

Kakacek, a senior in marketing from Antioch, compiled a 25-11-1 record at 150 pounds for the Illini wrestling team this year. He also compiled a 4.83, (on a 5.0 scale), grade-point average in the College of Commerce and Business Administration.

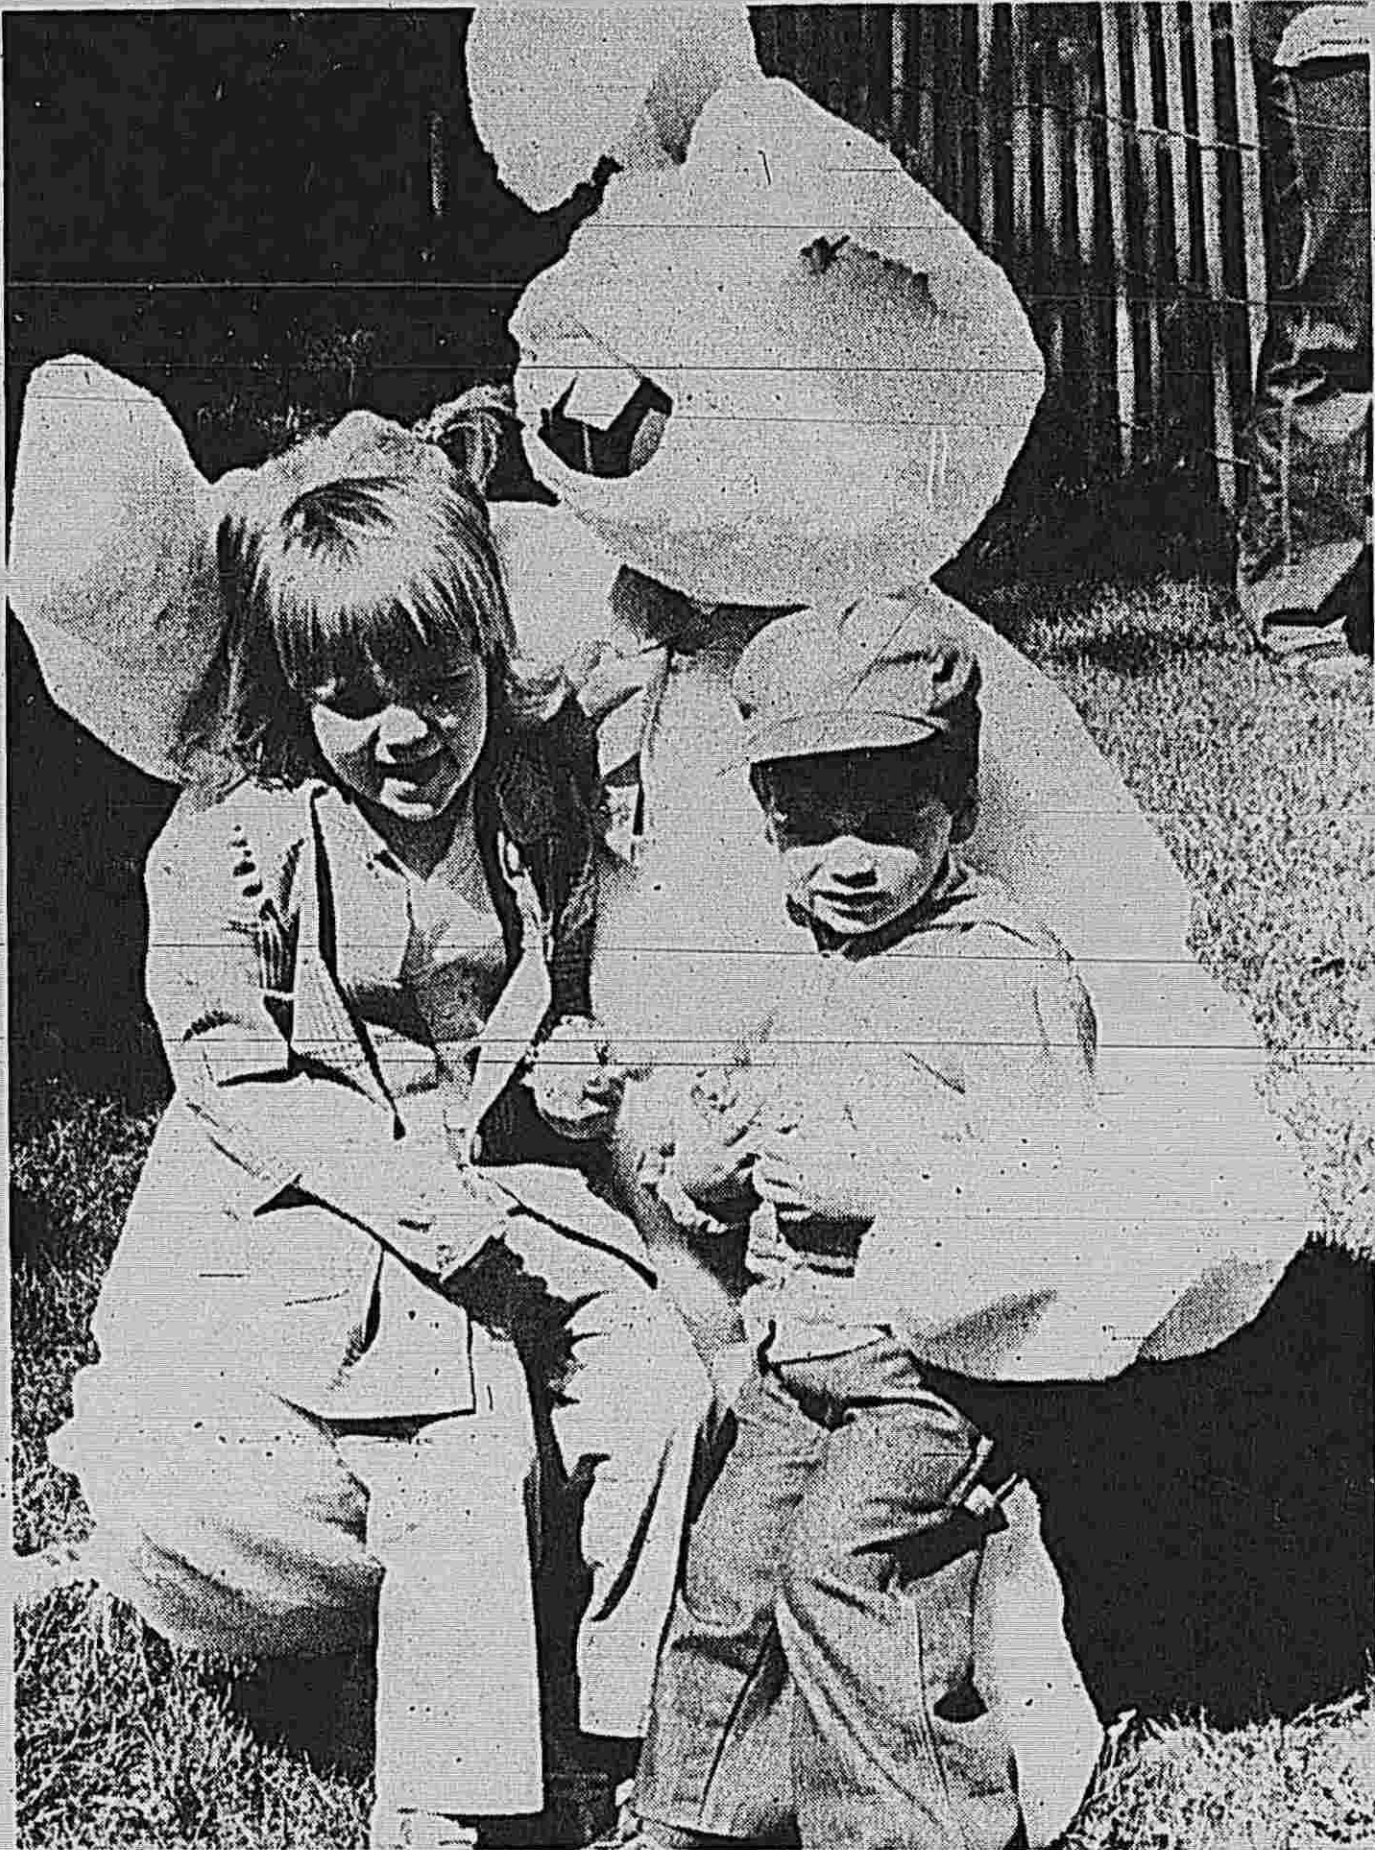

The award has been presented by the Big Ten since 1914 to a student at each institution demonstrating proficiency in scholarship and athletics.

Kakacek, a three-time letter winner, had a career record of 54-35-4 and is a former Illini Open champion. He was a member of the National Junior Greco Team in 1977.

He plans to attend the University of Illinois Law School this fall.

"John has been the hardest working and most responsible individual on the team in my three years," Illini Wrestling Coach Greg Johnson said.

"He's the first to practice and the last to leave. Not blessed with great natural talents, he's had to persevere the hard way to achieve the athletic excellence he has," he continued.

50 YEARS AGO: APRIL 23, 1931

The old St. Peter's church building, which has stood on Victoria Street since 1897, is being torn down this week. Although it has not been used as a place of worship since the completion of the new St. Peter's church and rectory in March, 1930, many of the older residents of Antioch and vicinity still regard it with much affection.

Will surprises never cease! Lawrence Welk and his orchestra are to appear at the Twin Lakes ballroom Saturday, April 25 with a 6-piece band that has won the distinction of being the greatest dance attraction ever known to the Middle West.

A comparatively light vote here returned to office President B. Bartlett and Village Trustees Charles N. Lux, H.P. Lowery and J.B. Drom. James M. Dunn was elected village treasurer and Mrs. Louise Vos and G.A. Whitmore were chosen library directors.

Howard Mastne, a freshman at the Illinois Wesleyan University, is making a name for himself as an unusually fine prospect for a pitcher on the varsity team.

The annual meeting of the stockholders of the Salem Opera House association was held at the hall Wednesday evening. The following officers were elected; Matthew Sibert, John Evans, Arthur Murry and Mrs. Olive Mutter.

Walt's Barber Shop, the only basement shop in town. "Always at your Service."

Antioch tied with Palatine for second place in the high school conference and district music and speech contest. John Tellaisha received first place for his violin performance; Clayton O'Haver took first in extemporaneous public speaking; Olive Hansen rated second with her soprano solos; Ruth Perry and Margaret Smith placed second and third in public speaking.

Representative Willis C. Hawley, chairman of the joint committee on internal revenue taxation, and one of the farmers of the income tax law, has been advised that he made a mistake in filing his return for 1928.

30 YEARS AGO: APRIL 19, 1951

John Jimerson of North Chicago was successful in bagging two 6-month old foxes in the vicinity of Kufalk's woods last week. He returned Sunday and caught four more by digging into the den. Foxes at large take a tremendous toll of birds and other animals, thus accounting for the bounty on them.

Chase Milsop, president of the Antioch Township High School student council and Gail Detrick, junior representative, will represent council at a state convention of student councils in Chicago Friday and Saturday.

Dale Barnstable, former Antioch high school basketball star, later star with service teams in Europe, and still later an outstanding star with the Kentucky University team, was honored still further by his selection as coach of the year in a poll of coaches, officials, sportswriters and sportscasters in Kentucky this year.

There are now three generations of the Radtke family barbering in the same shop in Antioch. When Richard Radtke recently completed his course in Weeden Barber College and took his examination, he took his place beside his father, Maurice, who has been barbering for 30 years, and his grandfather, Herman, a barber for 55 years.

10 YEARS AGO: APRIL 22, 1971

A woman was elected for the first time to the Antioch Village Board in an impressive victory in which two incumbents were casualties. Mrs. Margaret Nelson led the field in vote getting.

Waukegan's popular Mayor Robert Sabonjian will be the master of ceremonies at the Antioch Township Republican Club Spring Dinner Party at Lorenz's Smart Country House.

Carole Reports

Carole has spring fever

by CAROLE RISK

The village of Antioch and the township look beautiful. Spring is here and the flowers are blooming, the trees are starting to get leaves and the weather is great.

It sure is nice this year in comparison to other springs that Antioch has had.

People are wearing their lighter and brighter clothes, the kids are out practicing for baseball and track, and the golfers are polishing up their putting in their yards.

It seems that everybody has thrown off the winter blues and are happy to see spring arrive so early.

The Chicago Sun-Times had a special pull out section in the Sunday paper called Fishing '81 and the Antioch area has two of the 10 best bass fishing spots in the State of Illinois, Channel Lake and Lake Marie.

It must be true, everywhere you see a creek, lake or a channel there are lots of people fishing.

While everybody will be happy to see the local

economy pick up with recreational trade, it would be nice if something could be done to stop eager anglers from using the property just west of the bowling alley for camping for the weekend and littering the property, making it an eyesore.

The situation also creates driving hazards for anyone driving east on Rte. 173, since the only way for the campers to get their vehicles out of there is to shoot out on to the highway, usually in front of oncoming traffic.

It seems that the people coming out to enjoy the good fishing stop at the first body of water that they see and can gain access to.

Too bad, we have several nice resorts and state parks with all the comforts for camping.

Marilyn Sterbenz, Antioch village clerk, said that she was very happy to have won the election, she likes her job and is glad to remain to serve the village. Sterbenz regretted that not everyone had been as successful.

Lutheran school presents 'Saga of Dead Gulch'

Faith Lutheran School will present an amusing operetta, titled, "The Saga of Dead Dog Gulch," on Friday, April 24, and Saturday, April 25.

The starting time on both of the dates will be 7 p.m. The location will be the gym of the school, located at 1275 S. Main Street.

The operetta is under the direction of Miss Vicki Weyenberg. It has a light emphasis

with sprightly tunes sung by all the children of the school.

In fact, the stage that had to be erected specially for this occasion must be large enough to hold all the children of the school at the same time.

There is no admission fee, but a collection plate will be passed around to receive a donation from those in attendance.

AARP has closed membership at 224

Dolly Spiering, president of the Antioch Chapter 387 of the American Association of Retired Persons (AARP) introduced Antioch's Mayor-elect Raymond Toft, to the 125 members who were present at their April 14 meeting at the Antioch Area Senior Center.

Toft, who will be taking office on May 4, said that the original building was once his home, but he no longer recognized it, with the changes that have been made. He agreed that the new building was too small for such a large active group.

He should have been there the day that 192 members were present.

He also agreed that the acoustics were poor. He said he would do all that he could to enlarge the place or find a larger building for the AARP to meet. He hoped that some arrangements could be worked out with the Antioch VFW to use their new building on North Ave.

He told the members that the carpeting on the walls was not fireproof, but later when I spoke with Carol Easley, coordinator for the Catholic Charities who serve lunch there everyday, she assured me that the wall-covering "was fireproof". She also told me that the Antioch Rotary Club was paying for the drapes and they were having difficulty purchasing drapes for the money allotted to them for that purpose. When the drapes are put up, the other two walls will be carpeted, as they will be a different color to compliment the drapes.

Mrs. Spiering announced that \$5 would be sent to the Antioch Rescue Squad in memory of Angele Hameau who passed away on March 30, at the age of 77 years.

Frances Winiacki announced that 11 members would be attending the NR-TA-AARP National Issue Forum on Inflation at the Milwaukee Exposition and Convention Center on April 22. They were to meet at the watertower at 7:30 a.m. to go by mini-bus.

Esther Aiani, assistant state director of Northern Illinois for the AARP will meet them there as she will be attending the three-day forum and will be staying at the hotel nearby.

Ray Kroll of Antioch, and a member of the Senior Citizen Council, addressed the members. He told them of the advantages that they would receive if they worked full or part-time at the amusement park in Gurnee, such as six passes for their family, discount on merchandise sold in the park, parties, pass to go in any

time as long as they are working there.

The chapter has 224 paid members. They have temporarily closed their membership, due to the over crowding, and have 12 people on the waiting list. They could start another chapter, a spin-off from Chapter 387, according to Rose Piper, state director of Northern Illinois of the AARP.

Ann Hoffman, Friendly Aid chairlady, had resigned last month, but has reconsidered, and will continue to send out get-well and sympathy cards to her fellow members. She asked the members to save their old clean nylon hosiery for the Veterans Administration Hospital in North Chicago. She is a volunteer at the hospital and a friend of hers uses the stockings to fill small pillows for the patients at the hospital. Non-members could leave the stockings at the Antioch center on the second and fourth Tuesday of the month when AARP meets there, between 10 a.m. and 3 p.m.

Esther Aiani will be the presiding officer at the 1981 Spring Chapter Leadership Workshop, on Friday, May 8, at the Windjammer Restaurant in Antioch. Eleven chapters from Northeastern Illinois will participate. Eugene Molenaar, Area V Representative and Rose Piper will be the guest speakers.

The workshop will start with a Continental breakfast at 9 a.m. Any AARP member who would like to attend, should call Mrs. Aiani to make their reservation, as there is a \$7 charge for lunch.

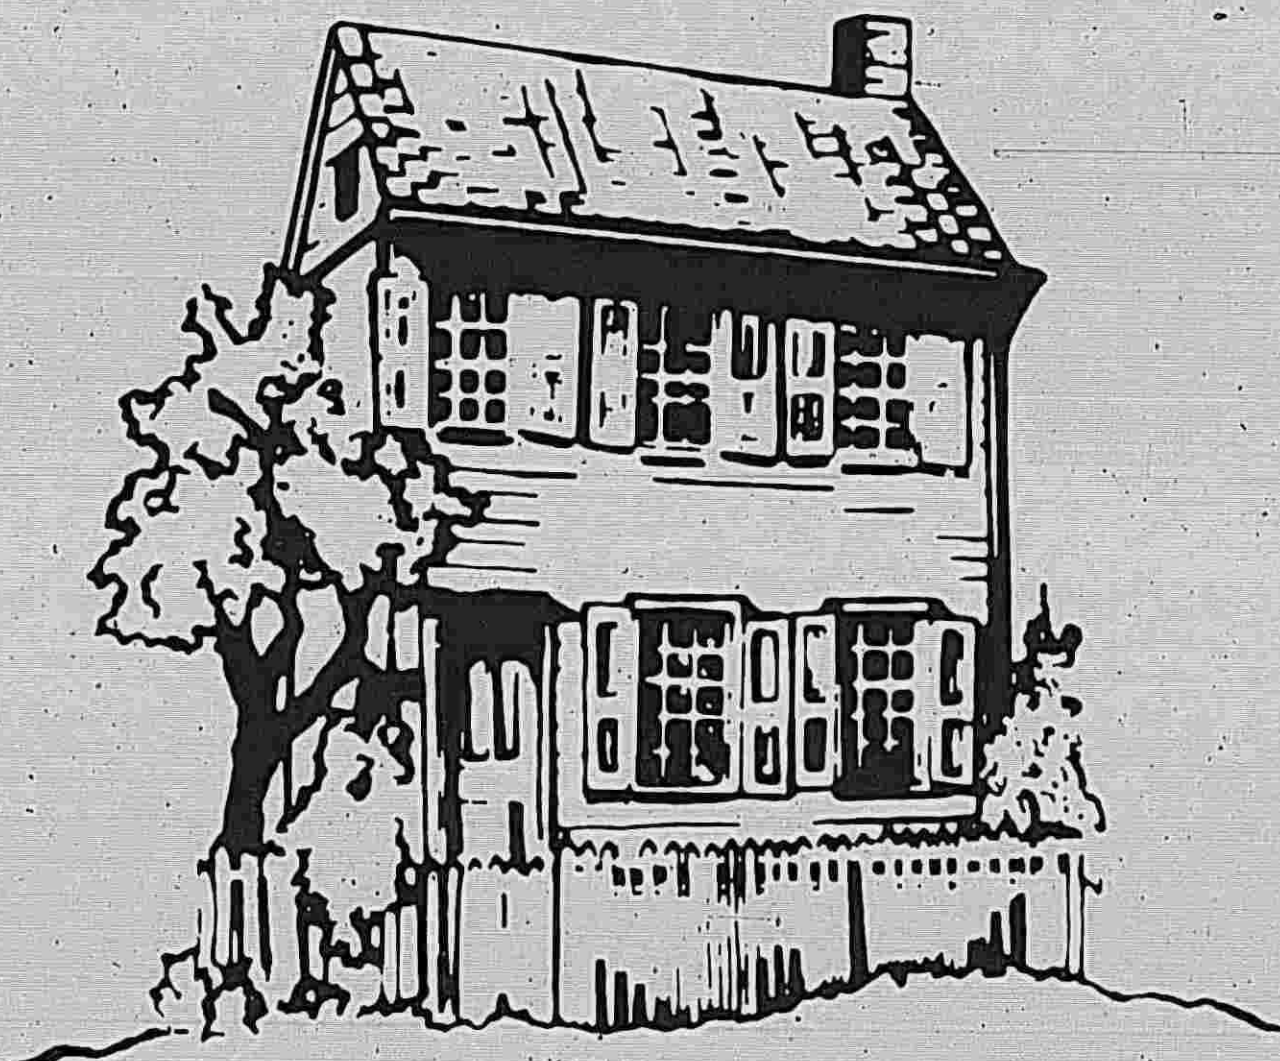

Glen Peterson program chairman, sold the last of the tickets for the April 23, trip to Chicago to go to the Garfield Park Conservatory and to the Old Warsaw Restaurant for lunch. He said games will be played at

the April 28, meeting with eggs for prizes.

Mrs. Spiering invited all the members to attend a concert at Leisure Village in Fox Lake, where she lives. Georgia Cobb and her students will play on April 26, at 2:30 p.m. When you drive in at the gate, tell the attendant you are guests of the Spierings, and he will tell you where to go to hear the concert.

PTO SPONSORS FUN FAIR — Grass Lake PTO will be sponsoring a Fun Fair on April 25, from noon to 6 p.m. There will be entertainment for all ages. Parents can enjoy looking at the country kitchen while their children play the games. There will be a Jumping Jupiter, space walk, hot dogs, fish pond, cakes, face painting, hi-stricker, tip-the-cat, balloons and many more surprises. Come and spend the day and have lunch out.

Sequoit diamond dry spell continues

The Antioch Sequoit varsity baseball team ran upon hard times last week, dropping five games while struggling through with three starters on the injured list.

Tim Koesser has been hampered since the beginning of the season by a bad shoulder and the Sequoits added the absence of Dean Haviland (viral infection) and Pete Weber (sprained ankle) to their list of problems last week.

Coach Tom Baba said that Koesser may be finished with his therapy this week and could be back on the mound within a week to 10 days. Weber is also expected

to be back in uniform soon, while Haviland is expected to be out for a while.

Antioch's problems started with a 5-1 loss to Wauconda in the opening game of the NWSC season, April 13, in Antioch. Antioch's only run came on a walk to Brian O'Neill, followed by a single by Mike Shanaman and a groundout by Koesser.

Mark Pomazak had two hits for the Sequoits.

In a non-conference game with Rockford Harlem April 14, the Sequoits were edged at home, 4-3. Antioch scored their three runs in the seventh inning with the final strikeout coming with runners on base.

The Sequoits' big inning began when Dan Ropa doubled. Chuck Payne singled and Ropa scored on a passed ball with Payne advancing and scoring on a groundout by Steve Sheedlo. After a walk to Dino Sisto, Carl Amundsen's single scored the third run.

In another conference game, Stevenson defeated Antioch 4-2. Dan Johnson opened the first inning with a walk and Sisto then reached on a fielder's choice. Pomazak's ground out advanced the runner and then two other walks loaded the bases before O'Neill singled, scoring Sisto.

Girls frosh-soph team has 5-2 overall record

The frosh-soph softball team from Antioch Community High School is off to a great start. Their record as of Wednesday, April 15, is 5-2 overall and 3-0 in Northwest Suburban Conference play.

Antioch has beaten conference opponents Warren, 9-4, Grayslake, 11-5, and Grant, 22-12, in six innings.

Non-conference wins were over Lake Forest, 11-8, and Mundelein, 18-6. Losses for the team were to Lake

Forest, 9-8 and Zion, 17-13.

The frosh-soph team of 1981 has eight returning sophomores that provide both experience and depth. Co-captains Theresa Weber and Donna Gutowski have been especially strong leaders both offensively and defensively.

Kim Eves, the returning starting pitcher on the team, has been an important part of Antioch's victories thus far. Annie Pomazak, filling

in for the injured Gutowski at catcher, has also done an outstanding job.

It is difficult to single out players for hitting and fielding. All the girls hit well, play well in the field, and are smart base runners.

Coach Pederson, in her fourth year of coaching the team, has been especially pleased with the team's spirit and consistency in all the games.

Along the way with ANNIE MAE

Congratulations to the staff of the 1979-80 yearbook for Antioch Community High School.

They received an exclusive award from Josten's American Yearbook Co.

It seems that Jostens produces 4,757 yearbooks per year and awards were given to only 48 out of these, 12 going to the midwest and only two going to Chicago area schools.

Antioch and Woodstock received these. The Sequoit's excelled in five of the areas that the judging was based on: cover, creativity, coverage, division page cohesion and interior layout design.

More congratulations are due Barb Kemper, 41, who has just been promoted to manager of the 29,000 sq. ft. Eagle Food Store, Lindenhurst.

She has worked for Eagle for 15 years and presently has 50 employees under her.

Shades of women's lib, I only know of one other Eagle Store, the one in Elgin, that has a female boss.

Glad to hear that Russ Fairchild has graduated to the use of one cane on his strolls through town.

Talk about daring adventurers, I hear that Private Eye Dave Gehrs, whose story was written a few months ago in the Antioch News, is about to take a trip abroad and try to get 10 people out of East Germany.

Antioch High School's art department is proud of Al Zegler whose work won a \$50 prize for himself and the tuition for one student from the high school to attend the Chicago Area Vocational Center, the prize donor.

Well it time for you gals to start hunting for that very special dress to be worn at one of Antioch's social events of the year, the Mental Health Cotillion.

This 16th cotillion will be held at the Abbey, Lake Geneva, with tickets soon to be available from the members of the Antioch Mental Health Association.

Remember that its not often that such a good time can be had while making money for a good cause.

All the profits from the cotillion, as well as those from the Thrift Shop on Main St., go to help handicapped children and young adults in Lake County.

Now that all the election hulabaloo has subsided, let's hope that all the candidates, winning and losing, will work together to continue to make Antioch one of the best communities around.

Solicit officer candidates

The Star Recorder Chapter Night Program was called to order by Senior Regent Louise Gutowski with all officers present, except Treasurer Betty Dahlke.

The guides escorted Star Recorder Chairman Cheryl Wise to the senior regent's station where she introduced the members of the committee. Those present were: June Ballenger, Judy Page, Jerri Polson and Dorothy

Trelewski.

Guest Senior Regent for the meeting was Star Recorder Lois Luck, from Wauconda. Moosehaven Chairman Lorry Spencer was escorted to the altar where Senior Regent Louise presented her with a baby spoon in congratulations for her son, Brian.

For attending three consecutive meetings, Mavis Dingsdale and Carolyn Procknow received their chapter pins.

Woman's Club tours

by FLORENCE PEDERSON

A delightful tour to Milwaukee was enjoyed by members and guests of the Antioch's Woman's Club Wed., April 8.

Some of the highlights were: a city tour, a stroll with nature in the Domes of the Mitchell Park Conservatory, including the beautiful Easter show, a tour of the magnificent home of the beer baron, Captain Frederick Pabst, built in 1893, now on the Chapel dedicated to St. Joan of Arc, the only medieval structure in the Western Hemisphere, which was reconstructed at Marquette University in 1964.

Luncheon was enjoyed at the Mader's German Restaurant, followed by a tour of the Pabst Brewing Company, which is also on the National Register with its own fascinating architecture and individual style.

The next meeting will be at 1 p.m. on April 20, at the Community Room of the State Bank of Antioch. The program will be Antiques, Appraisals and a Mock Auction by Jason Lathrop. Items brought by those attending will be appraised.

When I think about it Gloria pushes 'The Pill'

BY GLORIA DAVIS

I've never been much of a pill taker and have been known to put up with a headache rather than bother with the aspirin bottle.

Remembering to take my daily dose of vitamins is sometimes more than my aging mind can handle, but there is one pill, if any chemist ever perfects it, that I'm greatly in favor of.

You know the one I mean, the one that every harried housewife has dreamed of, at one time or another, while perspiring over a hot stove or bent over a kitchen sink that is steeped in dirty dishes.

I'm talking about the "meal pill."

If we can go to the moon and return and land safely, why can't one of our great minds come up with a pill that can be taken three times a day, one taking the place of break-

fast, another lunch and the last dinner?

Just think of the hours saved, now spent in combing the shelves of the super market, planning meals and comparing brands and prices, if all we had to do was to purchase three different boxes a week, each containing seven meals respectively.

And best of all, we'd eliminate the most hated job of all, putting all those groceries away.

Of course the pills would have to be scientifically, nutritiously balanced, guaranteeing that everyone would receive all the vitamins and nutrients needed to stay healthy.

"The meal pills," would have to appease the appetite and contain highly concentrated and various flavor ingredients to satisfy the taste buds.

Pushes pill

Continued from Page 7

Just think, no one would be over or under weight since we would be taking in just enough calories to maintain our proper proportionate poundage.

The person that comes up with this pill will put old Abe Lincoln in the shade by freeing millions of women from kitchen bondage.

I figure that the average person spends one and a half to three hours per day eating, the average housewife the same amount of time in meal preparations, not to mention the other hour or so in total, spent cleaning up after each meal.

If you believe, as I do, that life is already too short for a person to be able to experience all the wonderful things it has to offer, just think how many different ways those precious hours can be used if they are no longer buried in "food drudgery."

Those hours spent studying, instead of "stuffing" could feasibly amount to a year's college credits per annum.

For those that are sports devotees, that same amount of time spent perfecting your favorite athletic endeavor could go a long way towards helping the golfer to break 100 or the tennis fanatic to learn to ace his partner at will.

And I'm sure that if those hours were added to anyone's weekly work schedule, business promotions would not be far behind.

Of course there's always the enrichment of reading or the pursuance of one or more of

the many culture mediums.

How about using those extra hours in just plain having a good time, geared to each individual's taste?

What about the many social and business functions that are centered around the meal table, you ask?

Well at most of these, the time spent eating is far outweighed by the time spent in conversation.

And what about those people that simply love and live to eat?

Maybe they can replace their favorite pastime with one or more of the many other joys of life.

Naturally this plan of mine is in its infant stages and by no means is perfected, ergo the bankruptcy of restaurants, grocery stores, china and linen factories etc., with said employments replaced in the manufacturing and distributing of the pills.

Don't forget the businesses and jobs created by whatever endeavors are followed in the newley found free time.

Remember, before you start screaming objections to my over-kitchened housewife's fantasy, I did say that the idea wasn't perfected yet, but I'm working on it and since I always think better on a full stomach maybe I'll adjourn to the kitchen while I do further research.

Okay, okay, I did say the whole thing was a fantasy, didn't I?

Band concert slated

Members of the Antioch High School Beginning/Intermediate Band, Concert Band, Symphonic Band and Jazz Ensemble will be featured in Spring Concert on Saturday April 25 in the high school auditorium.

The next group to perform will be the Jazz Ensemble. They will play the title tune from this year's variety show "New York New

York" and a Count Basie number called "Switch In Time."

The Beginning/Intermediate Band some of whose members have been playing for only seven months, will perform from traditional numbers.

To close the concert, the Symphonic Band will perform "Hickory Hills," "Selections From Oliver," "Overture to Candide" by Leonard Bernstein and "Festive Overture" by Dmitri Shostakovich.

Tickets for this concert can be purchased at the door or can be obtained from band students. Adults are \$2, students \$1.

Whittlers plan art show

Whittle time out of your busy schedule to watch more than 30 old-time woodcarvers demonstrate their art.

The Chain O'Lakes Woodchippers of Northern Illinois will exhibit their carvings for sale and will also demonstrate whittling and sculpture at the Lakehurst show. The shopping center, located at Rte. 120 and Waukegan Rd., Waukegan, will play

host to the "Chippers" for the third time 10 a.m. to 5:30 p.m., Saturday, April 25 and noon to 5 p.m., Sunday, April 26. There is plenty of parking and no admission charge.

The purpose of the Woodchippers is to promote interest in and appreciation of woodcarving, as well as development of a high standard of craftsmanship. Too often in these times of turning items out by the

thousands, the art of handwork has been forgotten. This is not so with the Woodchippers.

The club has members from Round Lake, Zion, Waukegan, Antioch, Ingleside, Fox Lake, McHenry, Lake Villa and Crystal Lake.

Most club members have membership in the National Carvers Museum and the National Woodcarving Assn.

Excitement builds for Homemaker '81

The countdown is continuing toward the Thursday, April 23, Lakeland Newspapers' Homemaker '81 show, to be held this year at Round Lake High School.

Guest from across the county are expected to make this year's home show one of the best attended shows ever produced by Lakeland Newspapers, according to Publisher William H. Schroeder.

"While the main attraction may be the home economist and her demonstrations of the latest in cooking techniques and recipes," Schroeder explained, "The home portion of this year's show will be quite different than those in the past."

The big food and fun show not only will spotlight the talents of nationally known home economist Susan Huss, but will also feature merchandise displays. The show offers local merchants the opportunity to display some of the latest in merchandise and home conveniences to

local homemakers attending the show.

"The Round Lake location offers an excellent location in central Lake County and fine facilities not only for display space and the cooking show, but for parking and access from anywhere in Lake County," said Schroeder.

Home Economist Susan Huss visited participating merchants in this year's show last week and said she was impressed with the enthusiasm of the merchants and is looking forward to having a very good show.

Hundreds of prizes will be given away to those attending the show and some lucky homemaker will win the grand prize of a Sharp microwave oven from Round Lake Ace Hardware.

Admission to the show is free and doors open at 6 p.m. with the show beginning at 7:30 p.m. Seating is on a first come, first served basis with guests encouraged to come early and take advantage of

the time before the show to meet local merchants and view the many displays which will be set up as part of the Homemaker '81 show.

Sequoit dry spell

Continued from Page 6

In the sixth inning, Amundsen was hit by a pitch and John Haling reached on a fielder's choice and then stole second. He advanced to third on a passed ball and then scored on O'Neil's sacrifice fly.

Saturday, the Sequoits

dropped a double header to Waukegan West, 7-1 and 13-3. Antioch's lone run came when an RBI single by Sisto scored Dan Johnson.

In game two, singles by Sisto and Pomazak turned into runs when Sheedlo doubled. Then with two out,

John Johnson singled to score Sheedlo for the third run.

This week Antioch will play Grayslake, Monday April 20; Grant, April 22; Lake Zurich on April 27 and then Warren on April 29. All games are at home and all are conference games.

High school out, June 3

At the High School Board, Regular Meeting of the Antioch Community, Thursday, April 16, the Board of Education set the last day of school for Wednesday, June 3.

Superintendent Warren Polley reported the annual Athletic Banquet, sponsored by the Antioch Lions Club for Senior Athletes and the Most Valuable Player for each sport, has been set for Wednesday, May 27.

Business Manager Kenneth Wierschem reported the proposed federal cutbacks in the school lunch program will result in a sub-

stantial increase in the cost of a school lunch.

However, the premium for the student accident insurance remains the same and towel fees will only be increased 60 cents for the 1981-82 school year.

The board approved Director of Curriculum Gary Allen to file the gifted education application for the 1981-82 school year in the amount of \$5,055.

Allen reported that pre-enrollment indicates class offerings and staffing will remain constant for the next year.
